and the thrill of owning them”*

# The Buzz about Grand Nationals

Thanks to the ALSA Grand National Committee for putting on a great event! Thanks to Tor Sorensen and Joshua Ploeger for jumping in to help when I needed handlers.....*Kristy Brown*

The Youth Silent Auction at the ALSA Grand Nationals raised \$1,471 for youth scholarships! Thank you to everyone who donated items and to everyone who bid on these items! We could not have raised this much money for our youth with out everyone's help!.....*Leslie Lane Llamas*

Had a great time at the ALSA Grand Nationals...met some new people and won some ribbons...It was my second time attending the Nationals and had a great time both times....probably will not go next year but who knows ????? Thanks to all the people who worked so hard getting this show together, they all did a fantastic job !!!!!!!.....*Judy Soule*

We had a wonderful time at the ALSA Grand National. Thanks to all the participants and to all the people that made it happen. Congratulations to all the winners.....*Figment Ranch*

It was fantastic. ..thank you for all of your work..... *Kristen Wyatt Rierson*

We had a great time. Great to see you and Robin!..... *Joy Pedroni*

Yes me and the 4 first time participants that were with me had a great time and the food was great too. First off the nationals was tons of fun for my group and thanks to all for all the work u guys did. Wonderful job and it was wonderful that we had so many kids this year too and was just great that every kid got a ribbon in performances so none was left out that was wonderful..... *Ranee*

Thank you a thousand times over for a wonderful, wonderful Grand Nationals. I had the absolutely best time I've ever had at a Nationals. And while I was thrilled with my "wins," I'm not talking about that. I'm talking about the energy, warmth and commitment. It turned out to be a head and heart healing weekend for me that I wasn't even expecting. I'm rushed and traveling a lot for work right now (not to mention still trying to get the ranch battened down fully for the winter) and don't have any spare time for lots of outreach, so would you do me the favor of passing this note along to the GN work team and the ALSA board of directors?.....*Gayle Woodsum*

We would like to thank everyone involved with the Grand Nationals 2013. We enjoyed it immensely.....*Jeanna Jim*

Hi Robin and Ruby; thanks for all your hard work at GN. It was a great show.....*Patti Morgan*

Well I had an amazing time at the 2013 ALSA Grand National. ....*Anna Reese*

## Letter From The Editor

This year, 2013, has been a great year for the Showring Magazine and I would like to thank the ALSA Board of Directors for allowing me to publish it! There are some subscriptions to our Showring magazine from as far away as India, Japan, Canada, Germany, Peru, Italy, Australia, Spain, Taiwan, Indonesia, and more. Through our Magazine, the world is able to see Llamas & Alpacas in real life doing what they can do! We all are to thank for that! I wonder how hard it would be to ship a llama/alpaca there?

I also wanted to mention that I was impressed with the 2013 ALSA Grand National. It was wonderful seeing so many llama and alpaca folks having a good time, and being able to see some people that I haven't seen in quite a long time. The halter animals were beautiful and the competition in performance was stiff. (A special thanks to Kitty Tuck-Hampel for putting together such a great course) The level of talent in the youth classes was unbelievable. Fiber & fleece classes were huge and very competitive. All in all the show was great and the Grand National committee did an outstanding job! I have featured the 2013 Grand National in this edition and I hope you enjoy the pictures.

Inside this Winter Showring, you will also find the Grand Champion and Reserve Grand Champion winners from all of our 2013 ALSA shows. You'll be amazed how many times some of our exhibitors won Grands or Reserves! Congratulations to them!

Your friend,

*Ruby*

Since 1988

## Office Talk

As the 2013 year is coming to an end, I hope that each and every one of you has a wonderful memory of the feeling that you have with when your lead rope has connected you to your winning Llama or Alpaca. Maybe you have been to a show and witnessed this with your spouse, your child, or your friend? Maybe you are planning for this to happen to you in 2014? I hope I will be able to help you achieve your goal in 2014 whether this new adventure is scheduled to happen as you welcome a new cria that has just been born or is about to hit the ground, or with one of your older and established llamas! Your dream can be a reality! This is what the Alpaca Llama Show Association (ALSA) is all about ..... showing your Llama or Alpaca and having fun. I hope I have helped you to make your dream possible this year or you let me help you in the upcoming New Year!

During 2013 the ALSA office has undergone many changes and they have all been good! There have been many changes made to the ALSA website to help make your research better, and these are continuing as we speak. If any of you notice something that could make your research easier, please let us know. The ALSA website is for you and should help give you the information needed for your ALSA showing career! You will see many updates to Champion and ROM lists coming in 2014 as well as other lists of winners. You will also see the 2013 Youth High Point List coming very soon..... Just stay tuned to the ALSA website! We will be sending you emails alerting you to some of these changes!

The 2013 ALSA Membership has shown an increase over 2012 and so have the shows that we have offered this year. And speaking of shows, please remember, if any of you wants to have a Llama or Alpaca show in your area, feel free to call. I will help steer you in the right direction to help you put one together. And to all our superintendents, please remember that we will advertise an ALSA sanctioned show FREE-OF-CHARGE in the Showring Magazine and thru email blasts. Just let us work with you!

I would also like to mention how wonderful our 2013 ALSA Grand National Show of Champions was. Thank you to everyone that was involved! A special thank you to the ALSA Board of Directors and the Grand National committee for putting on such a great show! If any of you have a comment or suggestion about next year's Grand National, please feel free to contact the ALSA Grand National Committee! Remember, this is your National Show!

There have also been lots of Awards certificates given out.... Kudos to you all! I would also like to ask that if any of you feel that you have earned a certificate and have not received one, please contact the ALSA office and let's make sure you get it! This also applies to any of our ALSA youth! Between all of us, we can take care of this and make sure you have received your hard earned award!

And in my final note for 2013, I hope that each of you have a very blessed holiday season and a Happy New Year.

Robin

## ***Sweet Treasure went out with a bang.....***

*Everyone needs to study up on stomach ulcers in camelids, they are the silent killers that took my sweet girl.*

*We are just a small llama farm out here in the middle of nowhere / Oshkosh, Nebraska. I was so happy that I was able to buy this sweet girl when she was 6 months old and fell in love with her right away. Treasure was the friendliest llama I've ever had. She was a people llama. Every time she saw me come out the door she would come running and give me my hug and kiss to keep me going that day. Even while Treasure was at the vet, she was doing PR with some of the other people there.*

*I may not have had Treasure for more than a year and half, but it was full of quality time and love.*

*Rest in Peace My sweet  
CARU STERLING TREASURE OF THE HEART ...  
you have my heart with you. I'd like to  
thank all my friends who helped me through  
this time and came and helped bury her.  
We will all miss her!*

*Ranee Forney  
RC'S Llamas*

# Ulcers

## Symptoms & Treatment

### Some Experiences From Llama Owners:

About our male llama who appeared to have ulcers: We have had several cases of ulcers - no real cause - llamas are not under stress. I had noticed this guy laying down a lot, head was down when standing, though he was not standing much, he was eating and drinking water. I called our vet, penned him in the barn, but he could still talk to his buddies and see the girls. Over night he ate grain, appeared to drink some and went to the bathroom. The night of penning I gave him 4 - 300 mg Tagament and 3 Zantac tablets mixed with water. In the morning I gave him the same by syringe and kept him penned for the day. That night I let him back to his buddies, and continued each night for 8 nights to give him the same solution. By last Sunday he was much better, standing, head up, eating lots of hay, walking the field. I will continue to keep an eye on him for a couple of weeks, but he seems to have got over the ulcers. Donna in Canada

### Treating Stomach Ulcers in Llamas

*"Bioavailability and Pharmacokinetics of Oral Omeprazole in Llamas"*

Investigator: Dr. Geof Smith

Institution: North Carolina State University

Status: Year 1 of 1

Posted: November 2004

Study ID: D04LA-06

Stomach ulcers can frequently cause illness and even death in llamas and alpacas. Although the exact cause of these ulcers is unknown, stress appears to be the most common predisposing factor. Unfortunately, many of the drugs commonly used to treat stomach ulcers in other species are ineffective in llamas and alpacas. An intravenous version of the drug omeprazole has shown some promise in treating camelids; however, administration requires veterinary assistance. A new oral omeprazole product has been successful in treating stomach ulcers in horses and may offer an easier alternative for llamas and alpacas. Investigators in this study will examine the effectiveness of the new oral medication in camelids to reduce stomach acidity and decrease ulcers.

**MAF: Why do camelids get stomach ulcers?**

Dr. Smith: We think ulcers are mostly caused by stress. Just like in other species, camelids seem to get ulcers when they are in the hospital or when they are sick for another reason. Llamas are herd animals, so if they leave the herd behind, they seem to get stressed and get ulcers. They occasionally get ulcers in the first compartment of the stomach, which is similar to the rumen of the cow, but the ulcers that cause big problems are in the third compartment.

**MAF: Are ulcers in llamas easy to diagnose? What are some of the symptoms?**

Dr. Smith: No they aren't. Unlike a horse, where veterinarians can pass a scope down and look in the stomach, llamas have rumen so we can't see into their stomach. The signs are teeth grinding, excessive salivating, not eating, laying down a lot because their stomach hurts and very black feces because they have digestive blood in their feces. Based on some of the signs, we can suspect an ulcer, but we can never be sure the animal has an ulcer. Eventually an ulcer can perforate or poke a hole in the stomach, and once that happens, the animal usually will get an infection pretty quickly and die.

**MAF: What is standard treatment when an ulcer in a llama is suspected?**

Dr. Smith: Most owners and veterinarians try to reduce stress on the llama. They also try to decrease the production of stomach acid. Some of the drugs used to treat llamas are also used in humans, but they've been shown to not work very well in llamas. The one drug that does work well in decreasing acid production is omeprazole, which is what my study is about.

**MAF: What do you hope to learn about omeprazole for llamas?**

Dr. Smith: The purpose of our study is to see if this drug can be a useful agent to prevent and/or treat stomach ulcers in llamas. So far, scientists have shown that omeprazole only works when given intravenously. The problem is that the veterinarian has to administer the drug; the owner can't give it at home.

A new oral form has been shown to work really well in horses. It would be much easier to give by mouth than by shots twice a day and would cut down on cost as well. The oral version could also be used for prevention. If a llama was stressed or in the clinic, you could have him on this drug, or any time you needed to ship the animal away from home to a show, you could put him on the drug.

The drug has to be absorbed into the blood for it to work, but because llamas have a rumen, we don't know if the drug makes it through the rumen when it's given orally. The drug has been shown to work in llamas when given intravenously so if we can show that we can achieve the blood levels necessary to be effective when omeprazole is given orally, then we can recommend it to veterinarians.

People already are using the drug and assuming the horse dose is appropriate, but it may not be. We'll adjust the dose until we get what we feel is an appropriate dose in llamas that we can recommend to owners. We have good evidence this will work; we just need to determine the dose.

*The Above Article Is From: Morris Animal Foundation*

### ***Chili's Blessing***

***Today is one of those days when we received a special blessing. We took the llamas to the care center where my Daughter Gerrie is. The llamas were a big hit and made a lot of resident's very happy.***

***Our blessing came when a lady came up to us and asked if we would bring a llama into her Mothers' room so she could see the llama. The lady said her Mother had only a couple of days to live and she loved animals so much. Chili went up to her bedside and bent over so she could pet him and there was that moment that you felt Gods' presence.***

***Figment Ranch***

# ***ALSA Champion Charms***

## ***How they came about-***

Years ago, while visiting very dear llama friends, we were discussing the ALSA awards system and how proud people felt when their animals reached certain levels of accomplishments. The idea came to me to design and create unique pieces of jewelry to represent the various ALSA awards. Thus ALSA Champion Charms were born.

## ***ALSA Champion Charms***

Designs & Meanings- Each charm is designed in a way that the shape immediately identifies the award.

- The ROM (Recognition of Merit) is the round charm.
- The Halter Championship and its various levels are symbolized by the triangle.
- The Youth Division and its various levels are recognized by its diamond shape with the llama in profile.

## ***National ALSA Champion Charms***

Designs & Meanings- The clever design represents the back of the llama because 'as a champion' that is the view all other competitors see as they stand behind the champion.

- National Grand Champion -rectangle with a star on top.
- National reserve Grand Champion –rectangle only.
- Top Ten Grand Champion -10 sided charm with a star on the back of the llama.
- Top Ten Reserve Grand Champion -10 sided charm with Roman Numeral 2 on the back of the llama.
- Top Ten 3rd thru 10th -10 sided charm with the Roman Numeral 10 on the back of the llama.
- Grand National Qualification Charm –Oval shape with llama in profile.

***Fleece Champion Charms*** –We have designed fleece charms for both single and double coat.

We have had wonderful success in helping everyone celebrate their animal's achievements in the ALSA organization. As special appreciation we gladly share our abundance and donate 10% of all ALSA Champion Charm sales back to the ALSA organization. Thanks for letting us share our creativity and friendship with you.

With much appreciation,  
Susan and Darrell Gray

& Soul**

## Susan & Darrell Gray –Images of the Heart & Soul

During more than 35 years of marriage, we have raised three boys to adulthood, and have experienced various creative paths in life. With degrees in Art and Engineering there has been an ongoing confrontation and collaboration of a left brain and a right brain to the point that now we tell people "Together we make a whole brain!"

For over 20 of those years we have owned and operated our family business specializing in unique, handcrafted jewelry, mainly concentrating on the llama and alpaca industry. We design it, we create it and we deliver it, resulting in smiles on the faces of hundreds of satisfied customers worldwide.

We live just outside Austin, Texas in a rural setting surrounded by an abundance of pets and wildlife. We currently share our lives with 5 dogs, 5 parrots and 2 cats. We consider ourselves very lucky to live where we work. The studio is just steps away from our new home which we have just spent 2 years building ourselves.

The jewelry we produce is a reflection and a tactile reminder of various passions -be they the innocence seen in an animal or the innocence remembered in the thumbprint of a child -all have the same underlying meaning -the form is just different. We often feel our designs are guided by Spirit.

From our web site you may find pieces that are termed "spiritual", "mystical" or "magical", hopefully strumming a cord within that raises you on to a grander level of peace or contentment. These are the feelings we desire to produce in others through our creativity.

If you want a truly unique piece of art that is sure to express joy and inspiration, we invite you to browse our website. For a specific custom request call and let's begin the creation process today.

Give us a call today 512-350-5060 or visit our website [www.images-heart.com](http://www.images-heart.com)

# When 2<sup>nd</sup> is better than 1<sup>st</sup>

by Corky Dubois, Emerald Glen Farm

---

2013 is Theresa Schasser's debut year showing at ALSA shows. Being the youngest of the 5 Schasser kids involved with my llamas, she will tell you that she has waited "very, very long time" for her chance to get in the show ring with the llama of her choosing. She has watched from the sidelines as her brothers and sisters have won lots of ribbons, Reserve Champion and Grand Champion and she couldn't wait to have her chance to get her own ribbons.

Theresa choose Miata for her llama. Miata is no stranger to the performance ring, but it had been at least 10 years since Miata's last appearance. Theresa still had to learn llama handling skills and learn how to get Miata to perform for HER! Theresa has been a dedicated trainer. Her greatest challenge was finding the best technique to get Miata to back-up. Theresa knew she would have stiff competition all year from her sister Anna with her llama Dinero in the Junior class. When Anna and Dinero are "on" they are unbeatable.

Michigan Llama Association's LamaFest is held at Michigan State University Labor Day weekend, and is our premier show. There are many wonderful vendors, great competition and is always well attended by the public. This year we even had a camel visiting! Each year the Opening Ceremonies showcases our youth competitors. Theresa was so excited to be in her first Opening Ceremonies.

It is a dual ALSA/ILR show, so it is a very busy weekend. The kids put in a lot of extra hours in grooming and training. This would be Theresa's first LamaFest, and she was hoping just to get a ribbon. At the morning announcements Show Superintendent, Don Topliff, announced that vendor Greg Hall of Simplicity Llama Farm, was offering a custom made lead to all the Youth 2<sup>nd</sup> place winners in Showmanship and Obstacle classes.

The first class was Showmanship, and Theresa was very nervous. She did very well and got her first ribbon, a 4<sup>th</sup> place. She was so excited because it was a yellow ribbon and that is her favorite color!

The performance classes began, and Theresa was ready!

She was nervous about whether Miata would back for her. But as we always tell the kids ‘just got out there and have fun’ Watching from the sidelines, I saw a small but determined young girl and her llama finish a near-perfect run. Her first words to me were “She backed up!”

On the other hand, Dinero decided he was not jumping anything he could walk over. When the results were announced, Theresa came back to the stall area very unhappy with a 1<sup>st</sup> place! Her sister, Anna, was thrilled with a 2<sup>nd</sup>. After all the hugging and congratulations, I asked Theresa why she was so unhappy with her 1<sup>st</sup> place in Obstacle Class. . . . “But I wanted a lead!”

Anna picked out her lead for 2<sup>nd</sup> and we reassured Theresa that she would have another chance the next day. She continued to do exceptionally well thru the rest of her classes, winning many ribbons, even beating her sister. When the final results came in, Theresa had won Reserve Champion for ALSA, **but still no lead!**

***Life Lesson: Sometimes 2<sup>nd</sup> place is better than 1<sup>st</sup>, especially when it involves getting your very own lead!***

Our tradition is that each of the kids have pictures taken with ALL of their ribbons

Anna and Dinero

Theresa and Miata

Kaitlyn and Madori

Chris and Rosie

And Theresa with her new lead
