Great Fun

Grooming

There are wash rooms with hot water. Blowing may be done in the building but away from the stalling area and only in those designated areas. Please have your llama as show ready as possible prior to arrival.

Water & Electric

Both water & electric are available in the barns. Extension cords may be needed.

Triple Ring Show

Three rings will be running simultaneously using the following procedures:

- 1. The halter class ring must be run in the published sequence.*
- 2. Halter classes have priority.*
- 3. Two classes will be running simultaneously in the performance rings. Each class will be held open until all of the entrants have*

*completed the course. Please plan your performance schedule to assure that you do not miss a halter class. The classes will be announced to assure no **one misses** a class.*

Each llama must be entered in its appropriate age and wool division at the time of the Grand National, regardless of the age or wool division in which it initially qualified. On a llama's date of birth, the llama moves up to the older class. All four wool divisions will be included in the Grand National Show. If you qualified at a show where wool divisions were combined (e.g., Light/Medium or Medium/Heavy), you must choose the correct wool division for the Grand Nationals.

Please make your entry in the Dam or sire's name on your entry form and send a copy of the ILR Certificate.
